### Goals Identified for Student State Plan

- 1. Cross System Collaboration
- 2. School Demonstration Projects
- 3. Education and Training
- 4. Technical Assistance

---

---

---

---

---

---

---

---

### Orange County Plan

#### Goal 1: Cross System Collaboration

- 1.1 Enhance Foster Youth education services through cross-system collaboration and coordination of protocols and service guidelines focusing on entry into the system
- 1.2 Increase access to trained trauma-informed professionals, including caregivers for Foster Youth
- 1.3 Develop and enhance collaborative on-line and resource networking (examples: showcases, webinar, community forums) to promote prevention resources.

---

---

---

---

---

---

---

---

### OC Plan Continued

#### Goal 2: School Demonstration Projects

- 2.1 Develop and pilot a culturally-responsive web-based school climate survey application for middle and high schools students and educators.
- 2.2 Develop and pilot an elementary-middle school curriculum to promote Resilient and Mindful Learners.

---

---

---

---

---

---

---

---

## OC Plan Continued

### Goal 3: Education and Training

Develop and deliver a professional development series on promoting student wellness, positive school climate and prevention of mental health issues for school personnel.

---

---

---

---

---

---

---

---

## OC Plan Continued

### Goal 4: Technical Assistance

Provide resources on resilience and stress management training for youth and school staff.

---

---

---

---

---

### Education

**Education**—NOTE: The educational data for YOW during FY 10/11 is skewed due to the special circumstances of consumers prior to entry into YOW. Many consumers enroll in the YOW program before they exit Juvenile Hall where attending school is mandatory. Therefore, the number of consumers attending school the year prior to enrollment does not accurately represent the consumer's typical school attendance history. It is expected that the 100% attendance before entering the program will drop when the consumers are in the community again. For future updates, YOW is working on new methods to present more accurate and meaningful data regarding school attendance.
