

THE HOSPITAL HUB ADMINISTRATOR SUPPLEMENT STAFF MANAGEMENT

Adding Staff: Sign into the Hospital Hub: www.oc-meds.org/hub and enter Username and Password. Click I Agree to the Privacy Statement

HOME ABOUT CONTACT US

Accurate and timely patient information – from EMS to hospital – for improved readiness and continuity of care.

INTEGRATIVE PREPAREDNESS
Accurate and timely patient information and trauma service preparation are valuable assets in providing optimal patient care and improving recovery rates. Hospitals use Web-based Hospital Hub™ to access the ePCR from ambulance services in PDF format for patients as they arrive. Hospital Hub connects with EMS providers at local, statewide or even multi-state level using Service Bridge™, Rescue Bridge™ or State Bridge™.

- A complete ePCR is available for each patient's medical record
- Provides advance notice to prepare space and treatment
- Filters to show relevant only records.

PLEASE READ THIS PRIVACY STATEMENT CAREFULLY

By accepting this Data Privacy Statement, you agree to keep the information contained within this site private and confidential. Any reporting or exporting of data must be done securely using industry standards and best practices for data privacy and adhering to all applicable federal and state data privacy requirements. It is the responsibility of the user to ensure that all applicable requirements are adhered to.

The agency has taken steps to ensure that all information contained within this site is secure to protect against unauthorized access and use. All information is protected by our security measures, which are periodically reviewed. Information is protected through the use of passwords, strictly controlled server access, physical security of the hosting site, and 1280-bit encryption.

Although the agency can assure the security and privacy of the data that has been submitted, we have no control over how individual users may handle their own data, either before or after they have submitted data. In order to protect the security and privacy of your records before or after you have submitted data, we recommend adopting the following procedures/practices:

- 1) Do not send incident records via email. Email does not offer the same level of security as submitting data through secure internet protocols
- 2) Only assign user names to individuals who have responsibility for use of the system.
- 3) Regularly change passwords.

If you have questions about the Privacy or Security of this site, please contact: support@imagnetrend.com

Select Add Staff

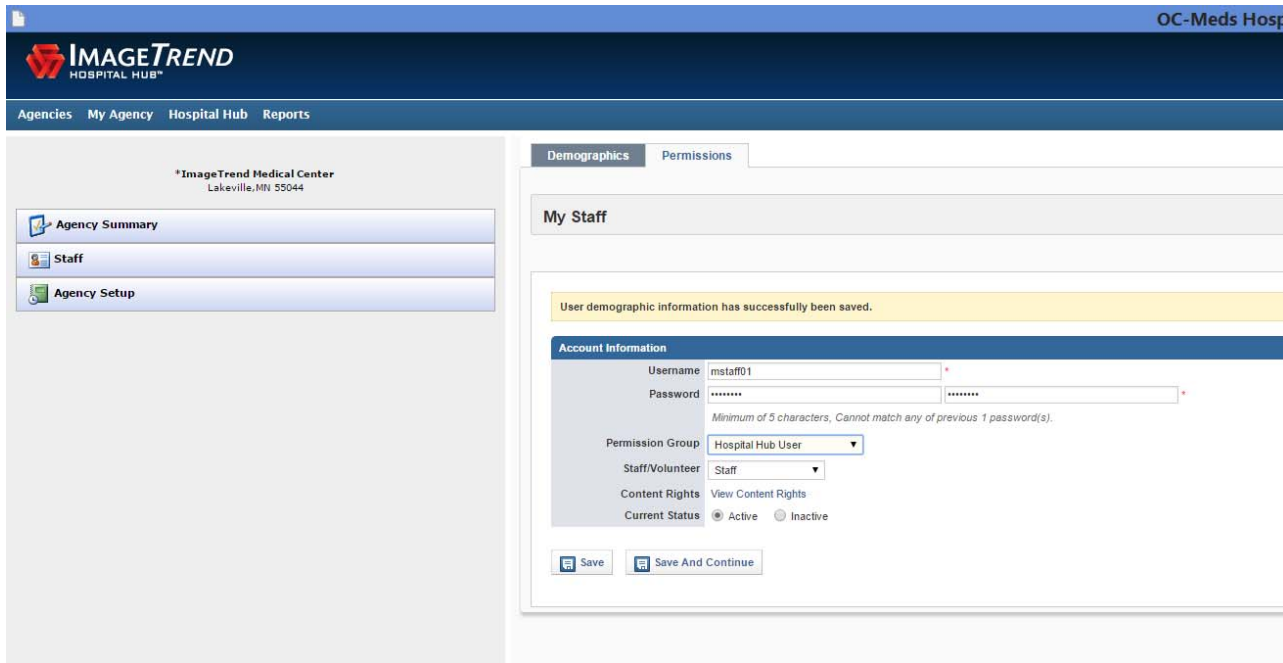

Enter the User's First Name, Last Name and Email address. Click on Save and Continue. This will save the information and open the Permissions Tab.

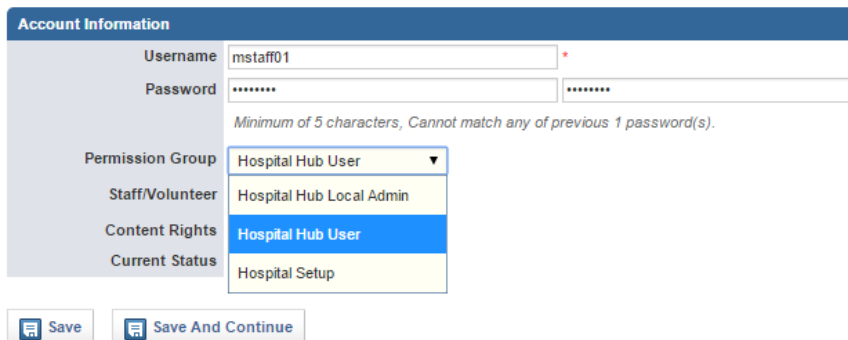

Enter the Username. This will be the staff's first initial, last name and the OC EMS numerical ID for the hospital. See page for a list of these numbers.

Enter the temporary password. This must be a minimum of 5 characters in length. Note: The number of . visible in the Password field do not represent the length of the password

Select the Permission Group, either Hospital Hub User or Hospital Hub Local Administrator. An Administrator will have permission to add/modify staff to the program. It is recommended each facility have 2-3 Administrators. Click Save.

Click on Staff to return to Staff list

The screenshot shows the OC-Meds Hospital HUB interface. The top navigation bar includes 'Agencies', 'My Agency', 'Hospital Hub', and 'Reports'. The main content area is titled 'Staff' and displays a list of staff members. A red arrow points to the name 'My' in the list.

Name	Title	Email	Permission Group
