Subject: FY18/19 Annual Report: 9-1-1 Emergency Ambulance Transportation Performance

Orange County Emergency Medical Services FY18/19 Annual Report of the 9-1-1 Emergency Ambulance Transportation Contract provides a review of the performance of Care Ambulance Service, Inc. and Emergency Ambulance Service, Inc. from July 2018 through June 2019.

The 9-1-1 Emergency Ambulance Transportation contracts establish accountability for meeting specific performance-based standards and affords Orange County Emergency Medical Services (OCEMS) with access to data and information on operational, clinical and administrative values. The contracts provide for a detailed methodology for assurance of compliance with all OCEMS policies and procedures with an emphasis on patient response times providing for financial incentives to maintain compliance. The primary goal is to provide quality performance-based 9-1-1 emergency ambulance response, medical care and transportation services to Orange County residents.

The authority to implement exclusive operating area ambulance contracts is found in Health & Safety Code §1797.224. The statute authorizes OCEMS to create exclusive operating areas (EOAs), provided a competitive process is utilized to select providers of the services pursuant to the local EMS Plan. In 2013, the oversight of the 9-1-1 ambulance contract services for nineteen (19) cities shifted to OCEMS and the separate cities were reconfigured into five (5) regional Orange County EOAs.

The five (5) EOAs were created to assure service providers with state sanctioned anti-trust protection and provides uniform, reliable emergency ambulance services. Further, OCEMS determined that the five (5) EOAs were medically feasible, financially viable, and allow for efficient resource utilization to maximize response times. The EOAs do not reflect city and or supervisorial district boundaries.

On May 19, 2014, a Request for Proposal for 9-1-1 Emergency Ambulance Transportation was released. On April 28, 2015 following an evaluation process, the Board of Supervisors awarded the contracts with services commencing on June 1, 2015:

Emergency Ambulance Service, Inc.
Care Ambulance Service, Inc.

Region A
Regions B, C, D, E

The attached reports summarize overall and individual regional performance from July 2018 through June 2019. A brief description is provided below for response time compliance; penalty assessments; performance credits; exception/exemption requests; total transports; and community outreach activities.

The Response Time standard as required contractually is 90% and is the interval, in exact minutes and seconds, between the “Call Receipt” time and: 1) “At Scene” arrival time, or 2) when the call is cancelled by an OCEMS-recognized public safety agency. The response times are analyzed and calculated on a monthly basis to determine compliance with response time standards based on geographical zones (Metro/Urban, Suburban/Rural & Wilderness) and Code Priority (Code 2: no lights/sirens; Code 3: lights/sirens).

The combined all monthly response time compliance for all geographical ambulance response zones for this time period exceeded the 90th percentile standard set forth by the contract as follows:

Region A: ***(96.35% to 98.31%) - Emergency Ambulance Service, Inc.***

Region B: ***(94.85% to 97.91%) - Care Ambulance Services, Inc.***

Region C: ***(96.52% to 97.78%) - Care Ambulance Services, Inc.***

Region D: ***(97.56% to 98.98%) - Care Ambulance Services, Inc.***

Region E: ***(96.19% to 98.34%) - Care Ambulance Services, Inc.***

Penalties are assessed for late responses that increase according to the number of minutes the emergency ambulance is delayed past the mandated response time. In addition, when the response time standard exceeds 90% in an EOA each calendar month, Performance Credits are applied toward total penalties assessed per call on a monthly basis.

The process for determining response time compliance includes a review of late response Exception or Exemption Requests each month for each EOA to determine if a delay in response may be attributable to factors outside of the reasonable control of the ambulance provider. As identified in the contract, Exception requests for late responses include multi-casualty disasters, unusual system overload, delays due to traffic secondary to incident, non-existent address, location change, inclement weather, etc. Exemption requests include stopping the clock when the first unit arrives on scene, time corrections, on-scene times not captured by dispatch; crew did not verbalize on-scene, upgraded responses, etc.

Total transports are calculated quarterly and are based on calls originating from the 9-1-1 system that result in ambulance transportation of a patient to a hospital.

OCEMS provides oversight and monitoring of the performance-based contracts to ensure high quality 9-1-1 Emergency Ambulance medical care and transportation services are provided 24 hours per day, 7 days a week to Orange County residents. Further, Public Education/Outreach Activities are offered by the ambulance providers to improve community health by implementing education programs that emphasize preventative health care.

Annual Ambulance Contract Response Time Compliance - Contract Standard is 90%

Penalty Assessment

ASSESSMENT DETAILS JULY-JUNE	REGION A	REGION B	REGION C	REGION D	REGION E	TOTAL
LATE RUNS	172	462	564	221	451	1870
PENALTIES ASSESSED	\$6,170.00	\$15,080.00	\$20,120.00	\$5,675.00	\$11,250.00	\$58,295.00
FINAL ASSESSMENT	\$1,252.00	\$4,610.50	\$4,496.50	\$665.00	\$2,054.50	\$13,078.50

* Penalty reflects penalty assessments after all exception and exemption requests have been processed.

**Final Assessment reflects the assessments due after performance credit is calculated and applied. The performance credit is calculated based on compliance percentage. The table for the calculations is based on the agreed upon contract in Exhibit A, Section IV., Table 5 "Performance Credits".

Penalty Assessments

\$13,078.50

Performance Credit Offset

For each designated EOA in which the CONTRACTOR'S compliance with the Response Time Standard exceeds ninety percent (90%) in each calendar month, performance credits shall be applied against the total penalties for Per Call Response Time Penalties. For the purpose of performance credits, Response Time Compliance for each calendar month shall be based on the overall average of all Response Times for all code priorities and geographical zones within EOAs for that month. Performance credits shall be allocated each calendar month. The table "Performance Credits" (below), found in Exhibit A, Section IV., Table 5, demonstrates the performance credit earned for each percentage exceeding the ninety percent (90%) Response Time Standard.

Final Penalty Assessment

During the final assessment, all performance credits are applied to the original penalty amount. For example, if a total penalty assessment is equal to \$2,500, and an ambulance service provider achieves a performance credit of 90%, the final assessment is \$250. This final assessment is the invoiced amount labeled "Total Penalties Assessed" on the Penalty Assessment Invoice.

Performance Credits

% Compliance Credit	
91-92%	10%
92.01-93%	20%
93.01-94%	30%
94.01-95%	50%
95.01-96%	65%
96.01-97%	75%
97.01-98%	80%
98.01+	90%

DENIALS	10	0	3	0	3	16

The process for determining response time compliance includes a review of late response exception or exemption requests each month for each EOA to determine if a delay in response may be attributed to factors outside of the reasonable control of the ambulance provider.

Exception / Exemption requests for late response are identified in the contract. Examples of exception requests include multi-casualty disasters, unusual system overload, delays due to traffic secondary to incident, non-existent address, location change, inclement weather, etc. Examples for exemption requests include, stopping the clock when the first unit arrives on scene, time corrections, on scene times not captured by dispatch, crew did not verbalize on scene, upgraded response, etc.

If an exception / exemption request is justified by documentation, it is approved. Approved exception / exemption responses are not included in monthly response time compliance calculations.
