H^oME

A STRATEGY TO END VETERAN HOMELESSNESS IN ORANGE COUNTY

Homeless Provider Forum Update – November 7, 2019

- 
- **Marching Home** outlines the strategy to end veteran homelessness in Orange County by December 2020.
 - In honor of Veterans Day, a special **VASH Connection Event** is being held this month to rapidly connect and house our most vulnerable veterans experiencing homelessness in Orange County.
 - **Santa Ana Veterans Village** and **Placentia Veterans Village** scheduled to open in 2020 adding 125 supportive housing apartments for veterans experiencing homelessness in Orange County.

- 
- Through the **Landlord Incentive Program funded by the County**, Orange County United Way's Welcome Home OC has been able to connect 12 veteran households comprised of 22 people with an apartment.
 - **Navigational Services to Help Veterans Access Health Care, Mental Health & Employment:** Additionally, the County has awarded \$200,000 to City Net for housing navigation services for veterans and helped other veterans obtain mental health care and employment services.
 - **200 Homeless Veterans Housed in Orange County:** This year, Orange County has helped nearly 200 veterans find housing in Orange County.
 - **10% reduction in veteran homelessness** since the 2019 Point in Time.

Veteran Registry Dashboard

Homeless Veterans on Veteran Registry

Management of the Veteran Registry transitioned from Volunteers of America to OC Community Resources in February 2019. Throughout February and March, the Veteran Registry was reconciled with the 2019 Point in Time count of 311 veterans. The reconciliation efforts and an increase in coordination and outreach efforts led to an upward trend in the number of veterans on the Veteran Registry. The number of veterans exiting the Veteran Registry has increased from February 2019 to October 2019. Since February 2019, 198 veterans have obtained stable housing.

Veteran Registry

- The Veteran Registry is the by name list of veterans experiencing homelessness in Orange County.
- The Veteran Registry includes anyone who served on active duty in the armed forces, military reserves or the National Guard, regardless of how long they served or the type of discharge they received.
- The Veteran Registry is reviewed in detail during weekly meetings with veteran service providers, street outreach teams, shelter providers and housing providers.

The image shows a digital form titled "VETERAN REGISTRY" with the "STREET OUTREACH WORKER INFORMATION" and "VETERAN INFORMATION" sections highlighted in orange. The form includes fields for survey date, worker name, agency, caseload status, phone number, and detailed veteran information such as name, birth date, military branch, discharge status, and contact details. It also features checkboxes for housing types and household composition.

HOMELESSNESS IN ORANGE COUNTY

THE COSTS TO OUR COMMUNITY

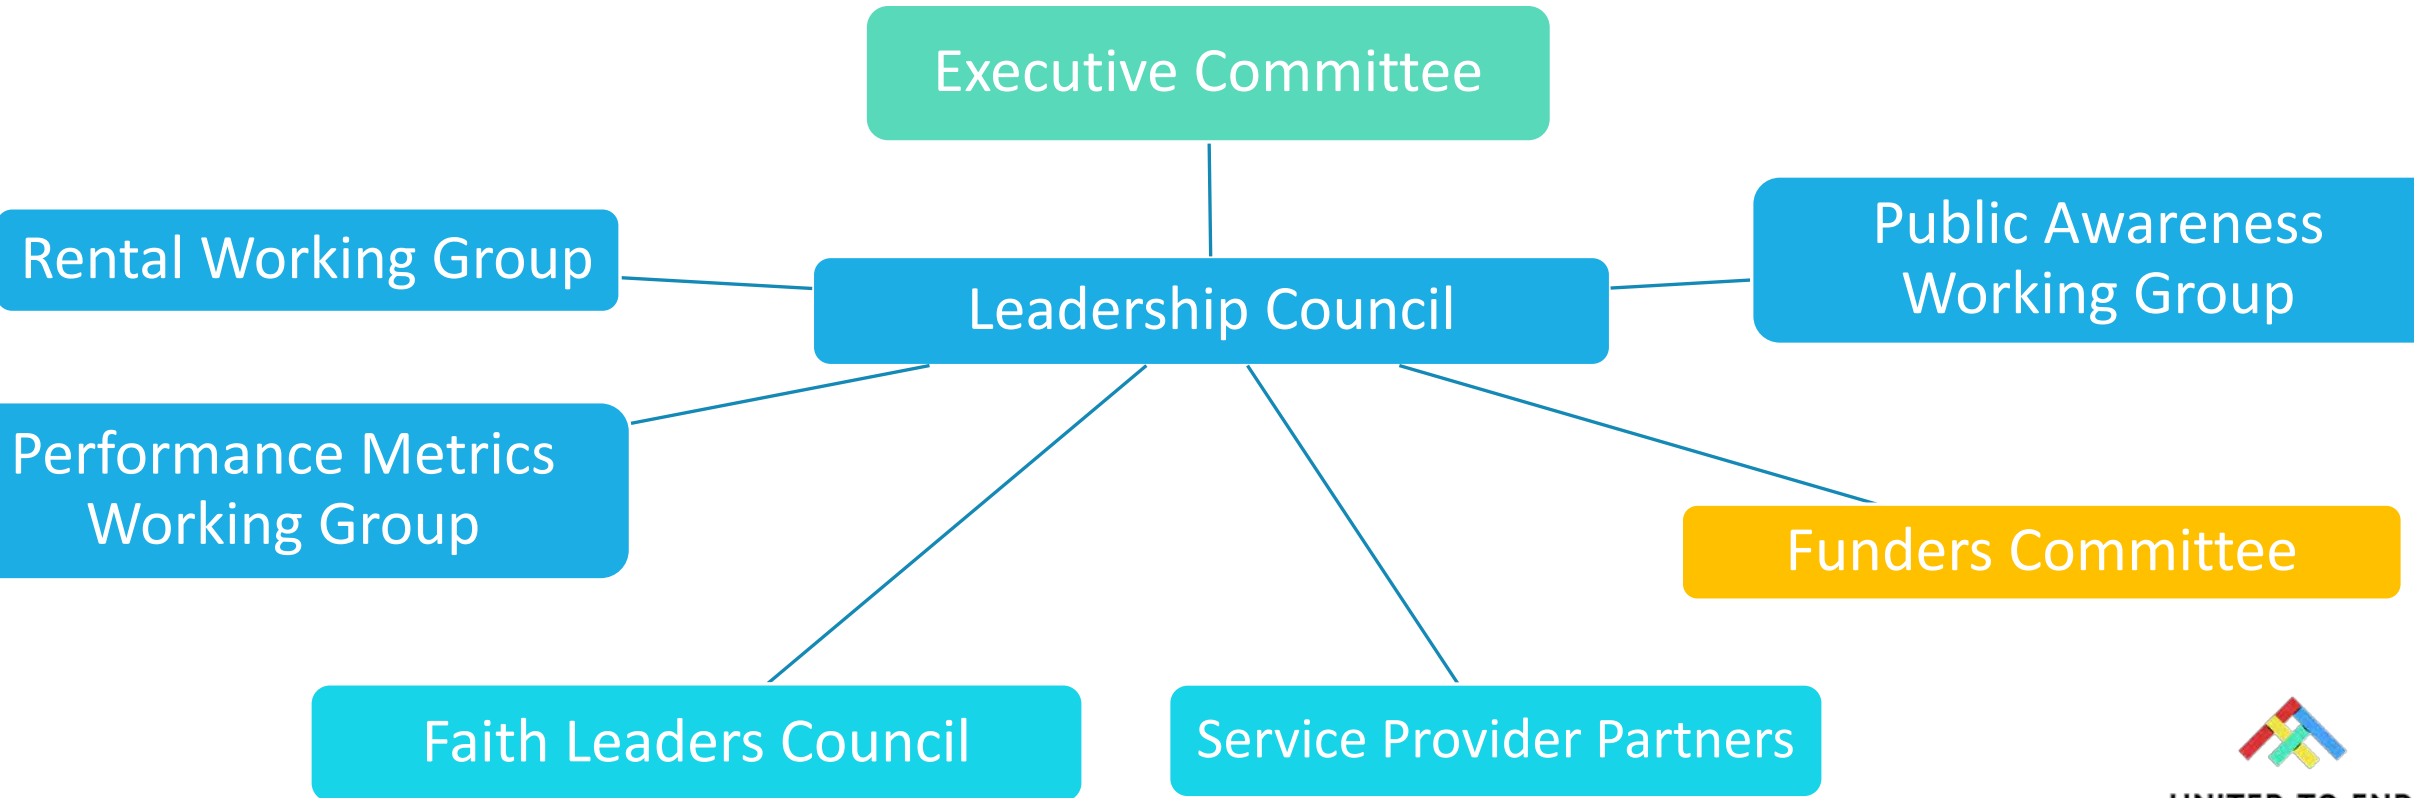

RECOMMENDATIONS

This study clearly demonstrates that housing the homeless reduces systemic costs that can be reallocated to other priorities. The study also provides the basis for action in Orange County, in an aligned and collaborative fashion, amongst all stakeholders, including the County, our 34 municipalities and the private sector, including nonprofits and business. As such, we offer the following immediate and actionable recommendations resulting from the study's findings.

- 1 **CREATE** a better community-wide understanding of "who are our homeless" based upon the profile of OC's homeless identified from the cost study. Orange County's homeless are our own, and we have to work collectively to develop the right solutions for our community as a whole.
- 2 **FORMALIZE** a countywide collective impact effort to end homelessness with a shared set of goals and agreed upon respective roles, to include the County of Orange, ACC-OC and city officials, the business, nonprofit and faith-based communities.
- 3 **DEVELOP** specific numeric goals for the creation of housing unit types needed for the varying homeless populations and an agreed-upon time-bound action plan to increase housing stock (e.g. Emergency Shelter, Bridge Housing, Permanent Supportive Housing and Rapid Re-Housing).
- 4 **PRIORITIZE** populations to be housed first, start with housing the top 10% of the chronically homeless in Orange County immediately. If these individuals—the chronic homeless on the streets or in emergency shelters—remain homeless, their service, criminal justice, and hospital and health care costs are likely to be at least \$433,845 per year. Thus, we need to create a robust system of care using those meeting with success in other communities as models for Orange County, which will also support Recommendation #2.
- 5 **ASSESS AND MAP** current public and private funding and resources dedicated or available to address homelessness in Orange County, and create strategic public-private partnerships to bridge existing gaps and redeploy existing resources in alignment and collaboration with the goals set to end homelessness.

Organization of United to End Homelessness

Together we will end chronic homelessness in a humane and dignified way.

UNITED TO END HOMELESSNESS YEAR ONE

Launched in February 2018, United to End Homelessness is led by an all-star group of leaders from Orange County's top business, philanthropic, governmental, faith-based and non-profit organizations – all committed to ending homelessness in our community.

Our work is grounded in bringing the recommendations of the 2017 UC Irvine study "Homelessness in Orange County: The Costs to Our Community" to life, with Orange County United Way serving as the backbone of this new collaborative effort.

Together we are working to bring the issue of homelessness to the forefront of the community's collective discussion and create civic engagement that will lead to meaningful and lasting results.

Together we can and we will #EndHomelessnessOC.

Built a successful governance structure

3,479 individuals have signed on to support our initiative

26 OC faith-based organizations formed our Faith Leadership Council

Garnered more than \$1 million in investments

Welcome Home OC owner engagement network launched

**UNITED TO END
HOMELESSNESS**

United to End Homelessness is committed to reducing homelessness in Orange County to functional zero. This means that there will be services and housing available for every individual who may need them.

In 12 months

United to End Homelessness has made great strides toward its goal of ending Orange County's homelessness crisis. Key milestones include:

Mobilizing Private Sector Resources

Leaders from Orange County's top companies and philanthropic agencies have joined and taken active leadership roles in United to End Homelessness.

Key organizations include:

- Kaiser Permanente
- OC Community Foundation
- Weri Malcomb
- Tarsadia Foundation
- Wells Fargo
- Bank of America

Raising Public Awareness

United to End Homelessness is actively educating minds and changing hearts about Orange County's homeless population through a comprehensive public awareness campaign. This effort incorporated extensive digital, outdoor and social media advertising as well as newspaper articles, op-ed pieces and radio appearances.

Building Support

3,479 people have signed on in support of our goal to end homelessness in Orange County. They have committed to supporting our work to bring proven solutions to bear for our neighbors experiencing homelessness.

Investing in OC

More than \$1 million in investments were secured from local corporations, foundations, individual donors and the County of Orange to support our goals in supportive housing, public awareness, education, outreach, advocacy and data assessment.

Supporting County Efforts

We serve on the Orange County Homelessness Commission and on three committees of the County of Orange's Continuum of Care (CoC) Board. We have partnered with the CoC to develop a public education program to promote permanent supportive housing.

Inspiring People of Faith

Leaders from more than 26 Orange County faith organizations – representing multiple faiths – have joined the United to End Homelessness Faith Leadership Council in order to help educate their respective congregations and communities.

Fostering Collaboration

33 non-profit agencies actively involved in the fight against homelessness have joined our Service Provider Partner Network in order to share best practices and messaging, and promote the Housing First approach to ending homelessness throughout Orange County.

Expanding Housing Opportunities

Since the November 2018 launch of the Welcome Home OC program pilot, and with a \$250,000 investment from the County of Orange, 11 formerly homeless individuals with vouchers have been placed in private market apartments throughout Orange County.

Gaining Federal Attention

Representatives of the U.S. Housing and Urban Development (HUD) have engaged with us, participating in several capacities, including attendance at Leadership Council meetings. Neal Rackleff, then-Assistant Secretary for HUD, addressed the Leadership Council in November.

Making Everyone Count

United to End Homelessness staff and volunteers helped recruit over 1,000 volunteers and raised funds for the biennial count of Orange County's homelessness population, results of which will drive our strategy to end homelessness.

Engaging Orange County Residents

Education about homelessness and our initiative was delivered to thousands of residents.

Results include:

- 1,885 participants attended 32 Homelessness 101 classes
- 4,042 people were reached at 42 speaking engagements

**UNITED TO END
HOMELESSNESS**

Areas of Focus

1. Broad Public Awareness and Engagement
2. Advocacy for New Permanent Supportive Housing Plan
3. Support of Increased County Wide Private Market Landlord Engagement

1. Public Awareness

We Are United to End Homelessness, Once and For All

For 95 years, Orange County United Way has improved people's lives by focusing the caring power of our amazing community on its most critical needs.

Whether ensuring students can read or families have access to nutritious food and a roof over their heads, United Way has been there. It's our unique role at the nexus of long-standing relationships with Orange County's business, nonprofit, philanthropic, government and education communities that have positioned us to lead local efforts to tackle important issues. And now, we have sharpened and significantly increased our focus on one of the most heartbreaking social issues to confront Orange County in recent memory: homelessness.

Like many others, United Way believes the time is now to collectively come together as a community to understand the extent and agree on the solutions to end chronic homelessness on our streets and in our neighborhoods.

—Susan B. Parks

United Way and our partners convened a "meeting of the minds" with key county officials and community leaders to thoroughly examine the challenge and identify what it would take to successfully combat homelessness here in Orange County. We then partnered with Jamboree, AACC OC and others to commission the University of California, Irvine to conduct the nation's most comprehensive Cost Study on Homelessness in our community.

United to End Homelessness was launched on February 28, 2018 to actualize the findings and recommendations from this pivotal Cost Study. Key among the findings was that Orange County could actually save \$42 million if we were to place homeless individuals in supportive housing as opposed to continuing down the current path. Guided by leaders in other U.S. cities who successfully reduced chronic street homelessness by increasing their supplies of supportive housing, United Way convened an all-star Leadership Council to map out a measurable plan for success.

Many members of the United to End Homelessness Leadership Council have been active in the progress Orange County has already made on this issue. Scott Larson from Homeaid led the Commission to End Homelessness. Larry Davis, CEO of the Orange County Business Council, and Kim Gull, Executive Director of the Children and Family Commission of Orange County, were main authors of the ten-year plan to end homelessness.

The County's powerful efforts to add shelters, address the river bed situation and endorse supportive housing initiatives under Chairman Andrew De la Riva have been represented by our county CEO, Frank Kim. In all, over 50 community leaders have joined this all-star Leadership Council, each bringing his or her own expertise and passion to help our county help those most in need.

Much of our collective success will depend on how well we change the hearts and minds of Orange County residents. Most of the public dialogue thus far has centered on homelessness as a problem to be solved. This completely misses the vital human element.

We are grateful for the faith leaders that have come together to add their voice and compassion to our efforts and for the exceptional service providers who have been working tirelessly on this issue for years.

This whole issue is about people, people who need our help. People like Brian (featured on page 12), who suffers from MS that prevents him from maintaining the balance he needs to keep a stable job. He used to be a teacher with plans for the future. Now, he only hope

on many days is to find an open public restroom where he can clean up and shower.

Brian and others are people like you and me who find themselves facing overwhelming challenges, without hope, without help, and are running out of time. Sadly, we've seen far too many homeless individuals like their last breath of life homeless on the streets of Orange County.

We must act now by establishing a countywide supportive housing system that will save financial resources and, more importantly, save lives. It's the humane thing to do. It's what we as a caring community must do. It's what United Way has done for nearly a century in Orange County. Let's all be United to End Homelessness, once and for all.

Susan B. Parks
President and CEO, Orange County United Way

Feedback from Survey

- People enjoyed the class- found it organized, enjoyed the presenter
- 70% said their perceptions about homelessness changed after the class
 - Most impactful points: “learning about how people become homeless” and “what the solutions are”
 - People wanted direction after the class- motivated to act – sharing the information, something to refer back to

101 Testimonies

- “Believed homelessness was due to mental illness disorders predominantly...Realized how easily each of us could one day find ourselves in this situation and how many people in OC are and why.”
- “When I learned how long the homeless wait on the list to be placed, it changed my perception on why they might be out on the street as there is no place for them.”
- “I gained a whole new understanding about why homelessness happens and the myths surrounding it. I also gained hope that with enough education, we can work together to end homelessness.”

The Petition to End Homelessness

3,832
Signatures

We, the undersigned, agree that...

- Every man, woman and child in Orange County **should be treated with dignity and respect**, including those experiencing homelessness.
- Everyone experiencing homelessness has a unique background, life story, and circumstances that led them into their current circumstances.
- We are willing to have our own preconceptions about homelessness challenged and reframed in our effort to seek **real and lasting solutions**.
- Those in our community suffering from debilitating and disabling conditions who **are chronically homeless should be provided with housing** and all necessary support.
- We must **work together to solve homelessness**; no one entity, including government, can do it alone. It will take all of us working together to #endHomelessnessOC.

Therefore, be it resolved that...

As a citizen of Orange County, I will do everything I can to ensure that integrated and sustainable solutions are implemented for my neighbors suffering from homelessness and, together, we can #endHomelessnessOC.

3. Increase County Wide Private Market Landlord Engagement

WELCOME HOME

It's what everyone wants to hear. But something those who are homeless seldom do.

That's why we're building the new Welcome Home OC Network designed to engage rental property owners who are committed to being a part of the solution to end homelessness.

Property owners are essential partners in a proven solution being brought to Orange County by the United to End Homelessness initiative.

The program is a joint effort between **United Way, the County of Orange, private philanthropists and rental property owners** to reduce the time involved in the search for housing by increasing the availability of rental units.

[Request More Information](#)

**UNITED TO END
HOMELESSNESS**

The Process

- Referrals only come from CES, in partnership with OCHA/SAHA/AHA and the VA
- The decision of which voucher holders get referred is determined by the issuing PHA and/or the VA
- We cannot accept referrals from outside of these channels due to funding being tied to specific voucher types that we work with
- Current voucher types: OCHA Housing Choice Homeless Set Aside, OCHA HUD-VASH, SAHA Mainstream
- Soon will be able to accept: SAHA HUD-VASH, AHA HUD-VASH

Welcome Home OC

UNITED TO END
HOMELESSNESS

Benefits Summary

The Welcome Home OC Network is a team of leading Orange County property owners who are committed to connecting people to housing. The joint effort between Orange County United Way, the County of Orange, Public Housing Authorities, Non Profit Service Providers, and private philanthropists aims to reduce the time a household searches for housing by increasing access to rental units. Property owners are essential partners in a proven solution being brought to Orange County by the United to End Homelessness (U2EH) initiative.

Here's how it works:

Households that receive rental assistance pay a predetermined portion of their income toward their rent.	The Public Housing Authority pays the remainder of the rent, up to the applicable payment standard, directly to the property owner.	United to End Homelessness supports the property owner with additional rental costs like holding fees and security deposits, and new furnishings or other benefits for the clients.	Additional benefits of participating in the network include filling vacancies quickly from a wait list of prescreened candidates and the satisfaction of providing needed housing at market rates to end homelessness in Orange County.
--	---	---	---

Be recognized as a Welcome Home OC Champion and enjoy the satisfaction of being part of the solution to end homelessness in Orange County. Champions will also participate in special Welcome Home OC Network events, including networking, education and an annual recognition event for this esteemed group.

For more information, go to WelcomeHomeOC.org or call Kristina Peters at (949) 263-6139.

Benefits of Participating in the Network Include:

Security Deposit and Holding Fee

Holding fees up to 30 days and a security deposit of up to two months' rent is available for your peace of mind.

Filling Vacancies Quickly

U2EH maintains a wait list of prescreened households in need of housing.

Recognition

Be recognized as a Welcome Home OC Champion and enjoy the satisfaction of being part of the solution to end homelessness.

New Owner Participation Signing Bonus

When a new owner agrees to rent to a program participant and has not rented to a program participant in the past two years, the property owner is eligible to receive a one-time payment of \$500. A full year (12 month) lease agreement is required.

Damage Mitigation Fund

Should the need arise, property owners will have access to up to \$3,000 per unit to cover damage mitigation claims. This comes from the Welcome Home OC Fund supported by the County of Orange and private philanthropy.

Property Owner Stays in Control

Property owners retain the right to screen and select residents. A property owner may terminate tenancy at the end of any 12-month lease term without cause by providing the resident and U2EH at least a 30-day notice to vacate in writing.

Enhanced Customer Service

Includes unit inspections every year, electronic signature software for leasing documents and self-certification of repairs for qualified property owners. A secure, online "Property Owner Portal" will provide account information around the clock and a Property Owner Manager "Hotline" will be available for any urgent developments outside of business hours.

Consistent and On-Time Rental Payment

The Housing Authority partners pay their portion of the contract rent through direct deposit to the property owner's bank and hold residents responsible for paying their monthly rent portion on time.

Supportive Services for Residents

Participating residents also receive wrap-around supportive services including budgeting, problem solving, tenant education, furniture assistance and mediation from a local nonprofit that has been training specifically to a standard required by the United to End Homelessness Welcome Home OC program.

Thank you for being part of the solution while making a sound business decision for your portfolio.

Welcome Home OC

- 83 people from 54 households have leased up and ended their homelessness
- Currently partnered with three Housing Authorities: Orange County and Santa Ana, Anaheim
- Currently working with three types of vouchers, including Veterans Affairs Supportive Housing (VASH) vouchers
