August 28, 2013

To: EMS Transportation Providers:
From: Samuel Stratton, MD, MPH 
Re.: ReddiNet or approved equivalent required by January 1st 2014.

Good afternoon:

In order to comply with OC EMS Policy 310.10, all ambulance transport providers licensed in Orange County shall have access to a hospital status program such as ReddiNet or an approved equivalent by 12:01am January 1st, 2014.

Each provider's dispatch center must have the program available continuously to determine the diversion status of hospitals to which they have been requested to transport patients.

At a minimum, the hospital "Status" module must be activated. The "MCI" and "Messages" modules are recommended but not required.
