**Subject: OC-MEDS Program Manager Announcement**

Orange County Emergency Medical Services (OCEMS) is pleased to announce that Laurent Repass has been promoted to the position of OC-MEDS Program Manager. As the OC-MEDS Program Manager, Laurent will oversee the administration of emergency medical services as they relate health information technology. Laurent will administer the functional direction of EMS programs, projects and operations as they relate to the Orange County Emergency Medical Data System.

Since 2006, Laurent has been instrumental in the development of the Orange County Medical Emergency Data System (OC-MEDS). In concert with EMS system stakeholders, the development of OC-MEDS has led to the implementation of the electronic patient care record, the hospital dashboard and the online OCEMS personnel licensing system.

With the continued development and administration of OC-MEDS, Laurent is well prepared to provide the leadership and facilitation necessary in seeing the OC-MEDS project forward into the future. We welcome Laurent into his role as OC-MEDS Program Manager.

TM:em #1897
