Child Behavior Pathways is a joint program between CHOC Children's and UC Irvine.

Our 9-week series utilizes an evidence-based curriculum helping parents learn:

**Techniques to increase positive  
parent-child interactions.**

**Approaches for preventing  
disruptive behaviors in the future.**

**Tools for responding to common  
attention getting behaviors.**

**Strategies to foster a child's  
attention, social skills, and  
self-esteem.**

**Enroll online at:**
