EMS Administrator 

SUBJECT: 2015 Orange County SideWalk CPR, June 4<sup>th</sup> 2015

Orange County EMS partnered with numerous Ambulance Providers is sponsoring a state-wide day of “Hands Only” CPR instruction. The purpose of SideWalk CPR is to familiarize the general public with initiating CPR using “hands only” (Compressions). Effective bystander CPR provided immediately after sudden cardiac arrest can double or triple a victim’s chance of survival.

There are 383,000 out of hospital sudden cardiac arrests that occur annually, and 88 percent of cardiac arrests occur at home. Learning bystander CPR could save the life of someone you know or live with.

There will be numerous locations throughout Orange County that will be offering the SideWalk CPR demonstration and education. Come and join one of our providers listed below in learning how to perform “hands only” CPR and find out how you can **save someone’s life in just 5 minutes**.

Orange County Emergency Medical Services would like to thank the following providers for their participation in the 2015 SideWalk CPR.
