Subject: **Care Ambulance Implementation of OC-MEDS**

As of September 1, 2015, Care Ambulance Service began transitioning their Prehospital Care Reporting System (PCRS) to OC-MEDS. The transition is complete in all OCEMS administered Exclusive Operating Areas (EOA) in which Care Ambulance Service is the primary 9-1-1 Ambulance Transport Provider. It is anticipated that they (Care) will be transitioning their PCRS to OC-MEDS in all other EOAs countywide within the next 2-3 weeks.

As a result of this changed, completed prehospital care reports (PCR) posted by Care Ambulance Service personnel will now be accessible to Emergency Receiving Centers (ERC) via the OC-MEDS Hospital Hub.

Other EMS providers who use the OC-MEDS PCRS will also be able to send and receive PCR transfers to/from Care Ambulance units while in the field.

Please feel free to contact me if you have any questions at (714) 834-2964.
