Medical Director, HCA/Emergency Medical Services

**SUBJECT: NEW RELEASE IN THE FIELD STANDING ORDER AND REVISED  
ABDOMINAL AND FLANK PAIN STANDING ORDER**

New OCEMS standing order, SO-REL, which describes the criteria and documentation for patients release of patients in the field when EMT or Paramedic treatment is not required and the patient declines EMS transportation has been posted to the OCEMS website.

Standing order, SO-M-05, has been revised to include administration of intravenous ondansetron and narcotic pain relief as needed.
