Description of Proposed Changes: The Local Enforcement Agency (LEA) is modifying the Solid Waste Facility Permit (SWFP) to remove outdated LEA conditions and update the name of CalRecycle (previously California Integrated Waste Management Board). LEA Findings per §21665(c): The LEA finds that the proposed changes are consistent with all CEQA documents; is acceptable and consistent with all state minimum standards; the proposed changes do not conflict with the existing SWFP; the proposed changes are nonmaterial changes; and the proposed changes are such that the SWFP does not need to include further restrictions, prohibitions, mitigations, terms, conditions or other measures to adequately protect public health, public safety, ensure compliance with State Minimum Standards or to protect the environment.
