-

# Future Directions

---

## Trainings in Development

---

## In Their Own Words...

**"I have more compassion and a wider understanding for people with mental illness. I will definitely apply these acquired skills in my daily work life."**

- CIT Trainee

*"REI has been such a big part of my life. It has given me the support and encouragement I need to do what I love. I tell everyone I know about this wonderful and live changing place."*

- Mental Health Career Pathways Student

*"This internship has enriched my education and work experience so that I can perform assessments at a variety of settings and be of service to the underserved populations."*

- Psychology Intern

*"The program has made it possible for me to attain the level of education that would otherwise be out of my reach. I look forward to continue with my graduate study to serve and make this investment worthwhile."*

- Financial Incentives Student
