Prior to being issued a Health Permit, an inspection will be completed to determine that the proposed facility and its method of operation meets the requirements of the California Health and Safety Code and applicable ordinances.

If the food business is currently not in operation, a site evaluation may be required. This site evaluation ensures that the proper equipment is available to support the proposed food operation. The site evaluation will include, but not be limited to, a review of the type of food service proposed, identification of the risk category, and review of necessary equipment. To determine if a site evaluation is required, please contact Environmental Health at (714) 433-6000.

If the food business has remained in operation and there has not been any remodeling or a change in operation, the Health Department will conduct an unannounced routine inspection and may provide conditional approval to operate pending submission of the completed Health Permit Application and payment of the initial annual health permit.

Failure to submit the completed application and payment of the annual health permit will impede issuance of the permit or may result in the closure of the facility pursuant to California Health and Safety Code and applicable ordinances, and is subject to penalty not to exceed three times the cost of the permit. Refer to the “Amount Owed” field and “Payment Due By” field once conditional approval to operate has been issued. The amount owed will be based on the date of conditional approval following a plan check final or based on the date of ownership change.

Acceptable forms of payment are cash, check, credit card, or money order. Make checks payable to the County of Orange, and place your Related ID number on the check. Health permit fees are nonrefundable. You may pay in person from 8:00 a.m. to 4:30 p.m. Monday through Friday (excluding County holidays) or mail your check to:

Orange County Environmental Health

A permit, once issued, is nontransferable. A permit is only valid for the person, location, type of food sales, or distribution activity, and unless suspended or revoked for cause, for the time period indicated.
