VIII. ADJOURNMENT

Health Care Coalition of Orange County

Advisory Committee

Home Health Hospice

Wednesday, March 9, 2022 – 1:00 p.m. to 2:00 p.m.

Minutes

I. CALL TO ORDER

- The meeting was called to order by Mary Brackett at 1:00 p.m.

II. INTRODUCTIONS/ANNOUNCEMENTS

- Attendance information obtained from Zoom participant report

APPROVAL OF MINUTES

- The September 8 and December 8, 2021 meeting minutes were approved

III. EMS/HEM REPORT

- COVID-19 positivity case rates and hospitalizations are down
- SNF/LTC outbreaks are down to 7 SNF and 2 LTC
- The new BA2 variant of Omicron has not been causing much of a problem; however, it's more infectious than the BA1 variant and so far, represents approx. 16% of cases nationwide
- The AOC is still activated, supporting logistics for Mobile POD vaccinations; the process is winding down
- We also have over the counter iHealth test kits available. This allocation was specifically for healthcare workers to return to work after being isolated for COVID-19; per the direction of the State, we can distribute and give a supply for your workers. Please reach out to us
- BinaxNOW kits are only available for Outpatient clinics and SNF/LTCs; some test kits received without enough testing solution, but if you contact Abbott Industries, they will send you replacement testing solution
- We are filling two positions to help us on various projects, exercises, and drills; we will have people to support the operation
- Eddie Morales is doing inventory on disaster connex containers at the hospitals. Hospitals are a hub in a disaster; supporting them to make sure we have adequate supplies geographically dispersed in the county
- Training opportunities are coming up and will be free, virtually or in person. We have finalized an agreement with facilitator Hal Kempfer, a subject matter expert in disaster & emergency preparedness. We are working on a training calendar, and once it's complete, we will share it with the coalition members
- We verified the currently contact list for Hospice Home Health reaching out to facilities that not coalition members, and they did not know there was an HCCOC.

IV. OLD BUSINESS

- none

V. NEW BUSINESS

- 2022 Home Health Hospice Advisory Committee Schedule - provided
- Committee participation in the Great Shake Out earthquake preparedness drill in October
- CAHF Disaster Preparedness Conference (Ready! Ready!) on April 5 – 6, 2022, Newport Beach
 - <https://www.cahfdisasterprep.com/conference>

- <https://www.cahf.org/Education-Events/Event-Info/sessionaltcd/DPPCN22>

VI. OTHER BUSINESS
