

Crisis Intervention Training (CIT) for Firefighters and EMS

TRAINING GOALS AND IMPACT

Firefighter and EMS-focused CIT training offers specific techniques to equip participants interacting with persons in crisis.

IN THIS 10 HOUR TRAINING:

- Enhance de-escalation and tactical communication skills
- Identify how to work with individuals experiencing behavioral health and co-occurring medical crises
- Assess for risk of suicide or harm
- Gain knowledge on mental health conditions and local mental health resources

10 hours of in-person training as well as virtual self-paced modules provided for CE credit.

Please contact Western Youth Services for more information.

WHO IS THIS TRAINING FOR?

- EMTs
- Firefighters
- Paramedics
- Healthcare Emergency Staff
- Crisis Intervention Trained professionals looking to expand their knowledge surrounding mental health crises
