

### Service Table 8-Rehabilitation Codes

Rehabilitation means a recovery- or resiliency-focused service activity identified to address a mental health need in the client plan. This service activity provides assistance in restoring, improving, and/or preserving a beneficiary’s functional, social, communication, or daily living skills to enhance self-sufficiency or self-regulation in multiple life domains relevant to the developmental age and needs of the beneficiary. Rehabilitation also includes support resources, and/or medication education. Rehabilitation may be provided to a beneficiary or a group of beneficiaries.
