**Council on Aging
Southern California**

What are Community Listening Sessions?

...professionally facilitated sessions that will allow community participants to give uninterrupted written and verbal feedback about behavioral health opportunities or concerns to the Behavioral Health Advisory Board (BHAB) members.

Why should I attend?

... it will support the community partnership process to drive the development of the County of Orange's Behavioral Health Integrated Plan.

How will the Community Listening Sessions impact Orange County?

... the session enables the Behavioral Health Advisory Board (BHAB) to collaboratively listen to the community, gather input, and expand efforts to respond to community behavioral health needs.
