1. CALL TO ORDER

- The meeting was called to order at 09:01am by Mike Ritter, MD.

2. INTRODUCTIONS/ANNOUNCEMENTS

- Announcement of new members appointed by the Board of Supervisors to the Emergency Medical Care Committee (EMCC) by Carl Schultz, MD
 - Van Vu, MD representing Board of Supervisors – First District
 - Blair Stewart, Mayor of Brea, representing Board of Supervisors – 4th District
 - Kimberly Zaky, DNP, representing Orange Coast Emergency Nurses Association (ENA)
 - Luke Schademan, RN representing Hospital Association of Southern California (HASC)
 - Charles Matthew Armstrong representing Southern California Ambulance Association (SCAA)

3. APPROVAL OF MINUTES *Recommended Action: Approval of Minutes*

Motion to approve April 11, 2025, EMCC Minutes by Mike Ritter, MD.

Approved: 1st Timothy Munzing, MD; 2nd Fire Chief Adam Loeser; none opposed.

4. OCEMS REPORT

- **Medical Director's Report** by Carl Schultz, MD

Spoke about AB 40 regulations around Ambulance Patient Offload Time (APOT) of 30 minutes and system of reporting discrepancies to State in a Bi-Weekly meeting. This is a work in progress. None of the components to the State audit tool has been tested, and we don't know how it will play out. EMS has given a tool to view challenges by hospitals to reported APOTs (Audit Tool) entered into the system.

- **Health Disaster Preparedness Report** by Gagandeep Grewal, MD

The Health Care Coalition (HCC) meeting is being held July 24, 2025, from 0900 to 1200 at the new Marine Way Campus building.

Hospital HICS training is August 7, 2025, from 0800 to 1200. HDMT (health Disaster Management Training) course is a 2-day training August 20 & 21. Both will be done at the Marine Way Campus. Reach out to Chad Cossey for more information.

NDMS will be doing a tabletop exercise tentatively scheduled for September 12th. More information to follow if they want facility involvement.

- **Ambulance Patient Off-Load Time (APOT) Report and Hospital Diversion Report** by Gagandeep Grewal, MD

APOT improving since wintertime. 90th %tile APOT is below the 30-minute standard for the past 3 months and was under 24 minutes in June. This despite the persistently high transport volume in county. Diversion remains high for this time of year but is now under the 6% standard.

5. EMCC ADVISORY SUBCOMMITTEE AND ADVISORY GROUP REPORTS

- **Facilities Advisory Committee (FAC)** by Genise Silva, RN
The Facilities Advisory Committee met on July 8, 2025.

- **County Prehospital Advisory Committee (CPAC)** by Stephanie King, RN
The County Prehospital Advisory Committee met on July 9, 2025. The city of Placentia has changed ALS ambulance contracts from Lynch to Emergency Ambulance with a one-year contract. OCFA will be trialing for a 90-day period where they will be using company cell phones for ALS no-contact to the Emergency Receiving centers. They will still have their 800-megahertz radios as a backup if the phone lines are busy. Mike Ritter, MD asked if it was for coverage issues, for example in the canyon? Stephanie replied, yes, that's one of the reasons. Carl Schultz, MD mentioned that the system is saturated. We have a frequency difficulty without support.

- **Transportation Advisory Committee (TAC)** by Matt Armstrong, SCAA
The Transportation Advisory Committee met on July 2, 2025. Carl Schultz, MD spoke about Triage alternate destination, AB 40, gave rules and clarification. Gagandeep Grewal, MD spoke regarding AB 40 again. SB 43 definition of gravely disabled. Laurent Repass, NRP spoke about APOT. Drew Bernard mentioned 428 ambulances, districts upgraded.

6. UNFINISHED BUSINESS – *Recommended Action: Approve Triage to Alternate Destination Project*

- Carl Schultz, MD, presented revisions approved by EMSA authority to proceed with finality. First, we must get these items approved by EMCC, policy 360.00. Old 360.00 is in packet. New modified policy 360.00 is posted on website. Request 5-year waiver for electronic data. Will apply for waiver if EMCC, is comfortable with approving.

Motion to approve Triage to Alternate Destination Project by Mike Ritter, MD.

Approved: 1st Timothy Munzing, MD; 2nd Fire Chief Adam Loeser; Vote: Ayes, all approved.

7. **NEW BUSINESS** – *Recommended Action: Approvals*

- **South Coast Global Medical Center ERC Designation** by Genise Silva, RN
South Coast Attachment #4 There were four deficiencies found as noted on attachment #4. Corrective action plans have been submitted and approved for all.
Endorsement Consideration: One-year 1/2025-1/2026 – Conditional
- **UCI Medical Center Trauma Center Redesignation** by Ruth Clark, RN
The American College of Surgeons conducted their site visit on February 4th of this year and found one non-compliance to Standard 4.31 due to insufficient registry staff per reported trauma patients seen. This is also a deficiency with OCEMS policy. Corrective action to be completed by February 4, 2026.
Endorsement consideration: Three years 6/1/2025 to 6/1/2028 - conditional redesignation, then when the non-compliance is resolved status will be changed to unconditional.
- **UCI Medical Center Pediatric Trauma Center Redesignation** by Ruth Clark, RN
During the same site visit of February 4th the American College of Surgeons found one non-compliance to Standard 7.3 for their documented effectiveness of the PIPS Program. They felt it could be more compulsive in identifying and addressing variations of pediatric care. Correction action to be complete with a return site visit by February 4, 2026.
Endorsement consideration: One-year 6/1/2025-6/1/2026 – conditional redesignation.

Mike Ritter, MD will make motions for approvals all at once, unless opposed.
