RE: *Reinstatement of Emergency Receiving Center Designation for Anaheim Global Medical Center*

Effective immediately, the Emergency Receiving Center (ERC) designation for Anaheim Global Medical Center has been reinstated by Orange County Emergency Medical Services (OCEMS). EMS crews may resume transport of all patients meeting ERC criteria to Anaheim Global Medical Center. This applies to 911 calls and includes both BLS and ALS transports originating from a 911 call.

Anaheim Global Medical Center is now fully operational as an authorized ERC and may receive all ambulance-transported EMS patients without restriction.

Thank you for your cooperation during the suspension period.

Sincerely,

A handwritten signature in black ink that reads 'A. Shaikh MD'.

Almaas A. Shaikh, MD MPH FACS

Interim EMS Medical Director

Health Care Agency / Emergency Medical Services
