FACILITIES ADVISORY COMMITTEE
ORANGE COUNTY EMS FACILITY DESIGNATIONS
November 10, 2026

The following hospitals have applied to Orange County Emergency Medical Services (OCEMS) for Emergency Receiving Center (ERC) and/or Specialty status (Cardiovascular Receiving Center/CVRC, Stroke Neurology Receiving Center/SNRC, and Comprehensive Children's Emergency Receiving Center/CCERC) designation or re-designation. This report summarizes the OCEMS review of their applications noting deficiencies, conditions and recommendations. Today, it is presented to the Facilities Advisory Committee for committee endorsement.

General Findings: The following facilities currently meet the designation requirements for Emergency Receiving Center and Specialty Center designation, when applicable. Endorsement considerations of designation are for one to three-year terms or otherwise specified as recommended by committee.

FACILITIES – CONTINUING DESIGNATIONS

South Coast Global Medical Center

Emergency Receiving Center (ERC)
ERC DQ Completed: **12/15/25**
Site Survey Conducted: **1/22/26**
Program Review Dates: **1/2025-1/2026**

Criteria Deficiencies:

The following conditions must be completed to satisfy criteria for designation as an Orange County Emergency Receiving Center.

	CONDITION	DESCRIPTION	CORRECTIVE ACTION	DUE DATE
1	Compliance with OCEMS policy #600.00 section IV, C: Hospital Licensing and Accreditation	SCGMC did not inform OCEMS of the hospital's deficiencies with state and federal laws as identified by California Department of Public Health (CDPH).	Hospital will comply with ERC requirement to notify OCEMS of non-compliance and create hospital policy and procedure for notifications to OCEMS going forward.	Completed 2/11/26
2	Compliance with OCEMS policy #600.00 section VI, F, 1: Computerized Tomography (CT) availability	SCGMC failed to maintain CT capability 24 hours/day, 7 days/week.	Hospital will develop a corrective action plan (CAP) that outlines the processes that will ensure continuous CT capability and will enact CAP to maintain a continuous 30-day period without interruptions.	Completed 4/15/26

The following are recommendations for improvement. Action is expected; however, current designation is not contingent on these actions.

	RECOMMENDATIONS
1	Continue efforts to balance APOT and diversion.
2	Remain proactive towards the ED's pediatric education and readiness.
3	Continue established CAP for ReddiNet response compliance.

Endorsement Consideration: Two (2) years (01/2026-01/2028) – **conditional**
